This second book of the Magical Tooth Fairies series follows Lynn, Leo Lino, Basta, and Professor in a new adventure. The tooth fairies travel to Mexico to help a little boy who is chasing two parrots through the jungle who have stolen his first lost tooth. But the parrots are not the only ones after the shiny white tooth. Wicked McCavity and his son, Dee Kay, want it for themselves after making an unpleasant discovery about using tooth dust made from rotten teeth. Based on a popular cartoon, each book in this series comes with a DVD of the corresponding episode, simultaneously entertaining and educating children on the importance of brushing their teeth.
