## Buch-Information

**Autoren:** Iain Macleod / Alexander Crighton  
**Titel:** Practical Oral Medicine  
**Reihe:** QuintEssentials of Dental Practice  
**Kurztext:**

Oral medicine is a subject of increasing importance in dentistry, permeating virtually all areas of clinical practice. This book covers the main concepts of oral medicine in a practical manner, allowing the reader to develop an understanding of the investigation and management of the various nonsurgical conditions that can affect the oral tissues.
