Title: Illustrated Guide to Chemical Peels
Subtitle: Basics | Indications | Uses
Series: Aesthetic Methods for Skin Rejuvenation

Short text:

This book outlines the steps for accomplishing successful chemical peels—whether superficial, medium, or deep. Starting with basic current knowledge, the authors review the essentials, including the different agents used and their formulae as well as the proper techniques to use. In addition, the authors explain the art of chemical peels by showing how to provide an optimal, individually tailored treatment that takes into consideration the skin quality of each patient. Procedures are detailed step by step, and numerous tables summarize key information for quick reference. Case reports demonstrate the efficacy and lasting results of this skin rejuvenation modality.
