## Product information

**Authors:** Christoph T. Sliwowski

**Title:** SOS - Sliwowski Overdenture System

**Short text:**

This DVD presents a restoration technique that stabilizes complete dentures on a prefabricated prosthetic bar supported by two implants. This approach allows for immediate prosthetics without the need for custom retention elements. Immediate loading is possible because the retention bar ensures primary stability and the locking mechanism eliminates unwanted retraction forces.

**Categories:** Implantology, Dental Technology
