Title: Dental Explorer Video Edition
Subtitle: Best of Dental Implant Patient Education Videos
Short text:

The "Best of" Video Edition offers a video selection from the multiple award-winning patient counselling programme *Dental Explorer*.

High-quality 3D animated video clips on the main topic of implantology, which are easy for patients to understand, impressively show the different steps and alternatives of implantological restorations. The video clips can be set in six languages (German, English, Italian, Spanish, French, Portuguese).

Topics:

- Anatomy of the jaw
- The Implant
- The "classical" implantation
- Healing of the implant
- Implant position and esthetics
- Provisional restoration
- Transalveolar sinus floor elevation
- Bone augmentation after surgery (horizontal/vertical)
- Single-tooth gap in the maxilla
- The edentulous mandible

Categories: Implantology, Patient Education, Prosthodontics
