

## Book information

**Authors:** Naoshi Sato  
**Title:** Periodontal Surgery  
**Subtitle:** A Clinical Atlas  
**Short text:**

Explores the multitude of options in periodontal surgery with an emphasis on contemporary regenerative procedures. Illustrated with the author's cases, the book elucidates clinically effective procedures step by step, with the author's clinical results compared to those of related studies. Exceptional clinical photographs and illustrations support the clear and concise explanations of procedures. Many detailed clinical cases illustrate therapeutic outcomes over time. Additionally, each surgical procedure provides highlighted, valuable key points and summary tables for at-a-glance understanding.
