## Book information

**Authors:** Arndt Happe / Gerd Körner

**Title:** Techniques for Success with Implants in the Esthetic Zone

#### Short text:

Implant restoration in the anterior region represents a particular challenge for dentists because even the most functional implant cannot be considered a success if the patient is still unhappy with their smile. Attention must be given to ensuring a high survival rate and a low complication rate, without sacrificing esthetics. In this book, the authors pass on their experience based on well-documented clinical cases and discuss all relevant aspects from the biologic basics and planning to surgery to prosthetic restoration in this challenging area. Modern microsurgical procedures for the augmentation of hard and soft tissue and plastic periodontal surgery are a special focus. Through numerous clinical photographs and schematic drawings, each procedure, whether simple or complex, is reproduced in comprehensive detail.

#### Contents

Chapter 01. Introduction  
Chapter 02. Requirements  
Chapter 03. Microsurgery  
Chapter 04. Immediate Implant Placement in Esthetic Zone  
Chapter 05. Implant Position, Planning, and Esthetic Analysis  
Chapter 06. Tooth Preservation Versus Extraction and Implant Placement  
Chapter 07. Adjacent Implants  
Chapter 08. Soft Tissue Augmentation  
Chapter 09. Bone Augmentation  
Chapter 10. Implant Exposure Techniques  
Chapter 11. Implant Abutments  
Chapter 12. Suprastructure and Peri-Implant/Restorative Interface  
Chapter 13. Complications  
Chapter 14. Complex Cases

**Categories:** Esthetic Dentistry, Implantology, Oral/Maxillofacial Surgery, Oral Surgery, Periodontics
