# Información sobre el libro

## Autores:

Mirela Feraru / Nitzan Bichacho Dental Visualization

Título: Subtítulo:

A Practical Approach to Digital Photography and Workflow

## Texto breve:

This book provides the practicing clinician with a clear and concise guide to dental photography and its role in modern dentistry. The main aspects are broken down into easy-to-follow chapters, all lavishly illustrated with detailed images. Aspects such as the importance of digital documentation, camera components, and photographic equipment as well as simplified protocols for high-end results, different dental specialties, and troubleshooting are all covered within the book's pages. The authors have condensed their extensive knowledge and expertise into a book that will surely prove invaluable to all those working within modern dental practices.
