

Información sobre el libro

Editor: Al-Nawas, Bilal / Eickholz, Peter / Hülsmann, Michael

Título: Antibiotika in der Zahnmedizin

Texto breve:

This new publication is an overview of antibiotics in dental practice and describes, based on current literature and guideline recommendations, for which dental treatments and patient groups the use of antibiotics is therapeutically or prophylactically indicated – or not. The relevant classes of antibiotics are presented, and indications, effects, side effects, and regimens are explained. A book for more safety and less overtherapy!
